Page Analysis

✓ Title Tag

Title tag length looks good and should display cleanly in most search results.

59 CHARS

Señalética industrial y rotulación en Querétaro | Diseñarte

⚠ Meta Description

Meta description may truncate. Put the main value earlier so the snippet still works in search results.

156 CHARS

Señalética bajo NOM-026-STPS, etiquetado de tuberías y SGA, tableros, rotulación de flotillas y películas de seguridad. Fabricamos e instalamos. Cotiza hoy.

Keep it concise, ideally 135 characters or less for this check. Lead with the page's main value so the snippet still works if search results truncate it.

⚠ ALT Attributes

Some images are missing alt text. Add descriptions for meaningful images to improve accessibility and image context.

1 MISSING

Missing alt text: 1 of 13 images.

Describe meaningful images in a short phrase or sentence. Skip "image of" unless it adds clarity, and leave decorative images empty with alt="".

i Text/HTML Ratio

Text/HTML ratio was calculated. Use it as a rough content-to-code signal, not an SEO score.

1.5%

Text/HTML ratio: 1.5%; HTML: 112.3 KB.

✓ Heading Structure

Heading structure is clear, so readers and crawlers can follow the page hierarchy.

PROPER

Headings: 1 H1, 4 H2, 0 H3.

✓ URL

URL is clean and easy for users and search engines to understand.

30 CHARS

<https://www.disenartemx.com/publicidad>

i Keyword Density

Keyword density was calculated. Use it to see which terms dominate the page, not to hit a target percentage.

2.4%

publicidad appears 6 times in 248 visible words.

✓ Internal Links

Internal links look healthy, helping users navigate related content.

22 LINKS

Internal links: 22; unique URLs: 7; broken: 0.

Mobile Compliance

✓ Viewport Meta Tag

Meta viewport tag is implemented, so the page can scale properly on mobile devices.

SET

Viewport: width=device-width, initial-scale=1

✓ Responsive Design

Responsive design signals were detected, so the page should adapt across screen sizes.

DETECTED

Viewport: width=device-width, initial-scale=1; responsive rules detected: 11.

Technical Compliance

✓ HTTP Status

HTTP status is successful, so users and crawlers can access the page.

200

200 OK

✓ XML Sitemap

XML sitemap is reachable, helping search engines discover important URLs.

FOUND

<https://www.disenartemx.com/sitemap.xml>

✓ Robots.txt

Robots.txt allows the current URL, so crawlers can access this page.

ALLOWED

<https://www.disenartemx.com/robots.txt>

✓ Meta Robots

Meta robots directives allow indexing, so search engines can index your content as intended.

INDEXABLE

index, follow

✓ HTTPS

Page resolves to HTTPS, so the URL uses a secure protocol.

SECURE

Final URL: <https://www.disenartemx.com/publicidad>

✓ X-Robots-Tag

Server-level robots directives are clear, so this page is not blocked by response headers.

INDEXABLE

X-Robots-Tag header: not present.

✓ Mixed Content

No mixed content was detected, so secure pages and assets load cleanly.

NONE

Insecure resources: 0.

! HSTS

HSTS header is missing or weak. Strengthen it after confirming HTTPS works across the site.

MISSING

Strict-Transport-Security: none.

HSTS tells browsers to use HTTPS for future visits. Treat it as advanced security hardening, and add it only after HTTPS works reliably across the site.
